

Fare schedule

Public transit

Fares in effect starting October 1, 2022

Introduction

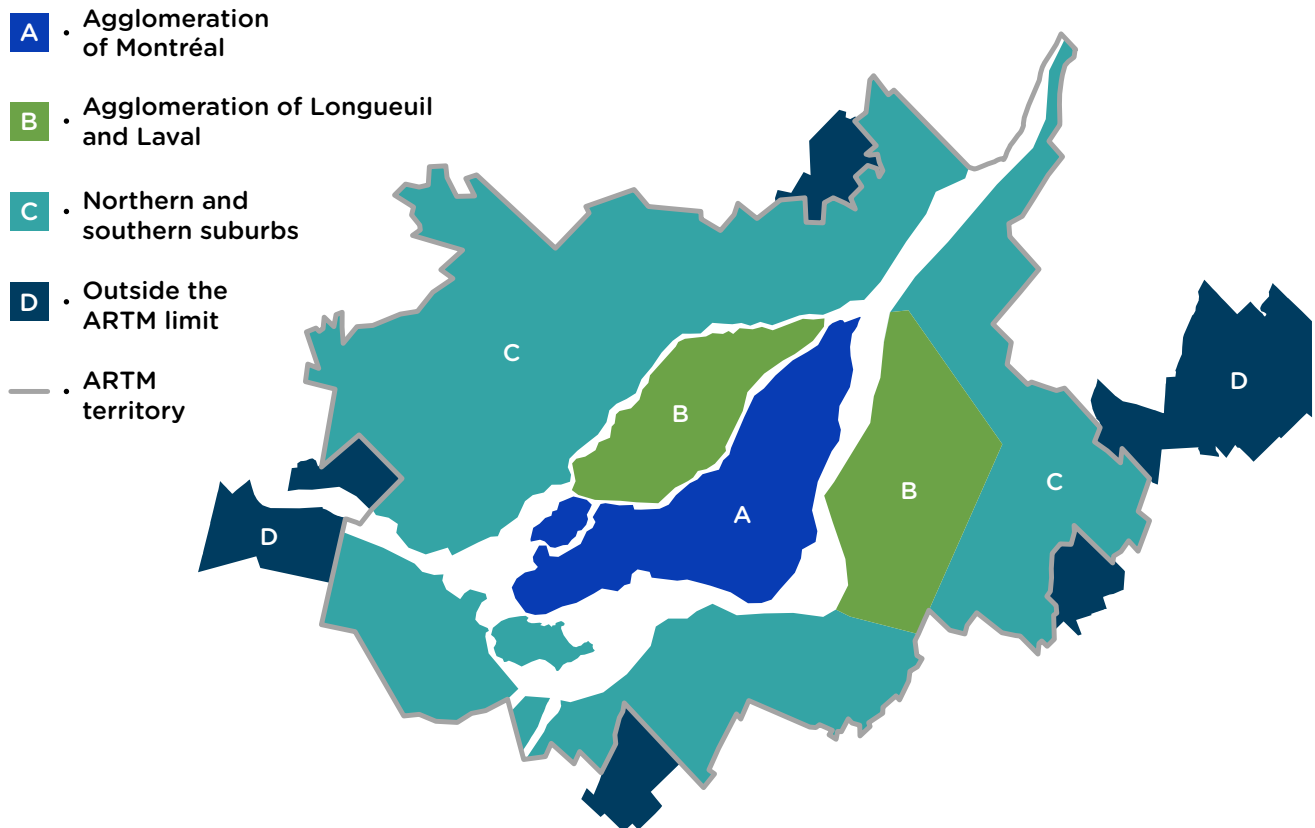

The ARTM has been rolling out the fare reform in its territory since 2021. The project is designed to simplify and harmonize pricing for regular and adapted public transit services in the metropolitan area.

The information below will help you find the right fare for your trip.

1. Identify your departure and arrival zones

There are 4 fare zones.

You can confirm your municipality's fare zone by consulting the [table appended](#) to this fare schedule.

2. Select the appropriate transit fare for your trip

Your fare must be valid in your departure zone, any zones you cross through, and your arrival zone, as well as on the modes of transit you use.

The new **All Modes**, **Bus** and **Out-of-Territory Bus** fares allow you to travel throughout the metropolitan area:

All Modes fares allow you to use all transit modes in or between the zones identified.

Example: One **All Modes AB** fare allows you to travel on all modes of transit running between Montréal (zone A) and Laval (zone B).

The **Bus** fare allows you to use bus services in or between zones A, B and C.

The **Out-of-Territory Bus** fare allows you to use bus services in or between zones C and D, an exo bus lines circulating in zone B.

Note : **Bus** and **Out-of-Territory Bus** fares are not accepted on certain bus lines: [see list of excluded lines.](#)

Good to know

The fare schedule includes other transit fares. They provide less flexible use of public transit services since they are limited to specific sectors or modes.
